SUSSEX RECORD SOCIETY.

Report presented at Annual Meeting, 14th February, 1912.

THE Council are able not only to report the issue last year of the Annual Volume in return for the contributions of their Members, but also to record once more the additional issue of an Extra Volume, provided by private generosity.

The Annual Volume for 1911, being Volume XII. of the Series, contained the Chichester Marriage Licences for the Courts of the Dean's and Archbishop's Peculiars, edited by MR. DUNKIN. This is the fourth similar Volume which MR. DUNKIN has compiled for the Society, and it completes the whole of the Marriage Licences for Sussex down to 1730. The Society is greatly indebted to MR. DUNKIN for the gift of the results of many years' labour in getting together this great mass of useful information, and for the further toil of most careful editing and indexing in the course of publication.

The Extra Volume—issued last year, for which, as announced in our last Report, the Society has to thank MR. RENSHAW and MR. H. WAGNER—was the Registers of Cuckfield Parish from 1598—1699, copied by MISS COOPER, daughter of the late Canon Cooper, and edited by MR. RENSHAW. It is numbered Volume XIII. Though not intended as a memorial of our late Chairman of Council, it will appropriately be associated with his memory.

Volume XIV. for 1912, containing Post Mortem Inquisitions, Second Series, by COL. ATTREE, is in the press.

The Council have also to announce that one of their number, MR. E. HUTH of Bolney, has kindly consented to contribute at his own expense an Extra Volume, containing the Bolney Registers, commencing in 1545. It is ready for the press and will be issued as soon as finished. This will be numbered Volume XV.

It is proposed that Volume XVI. for 1913 shall consist of the proceedings in the Star Chamber relating to Sussex persons during the reign of Henry VII. to the end of Philip and Mary, to be edited by MR. PERCY D. MUNDY.

On the resignation last year by MR. PERCY S. GODMAN of the office of Hon. Secretary, COL. ATTREE was elected in his place and has been acting through the year.

The Members of the Council offer themselves for re-election.

NOTES

OF

POST MORTEM INQUISITIONS

TAKEN IN

SUSSEX.

1 HENRY VII. TO 1649 AND AFTER.

ABSTRACTED AND TRANSLATED BY

COL. F. W. T. ATTREE, F.S.A.,

LATE R.E.

ISSUED TO SUBSCRIBERS OF THE SUSSEX RECORD SOCIETY FOR THE YEAR 1912.

PREFACE.

THESE notes contain short abstracts of, to the best of my belief, *all* the Inquisitions taken *in* Sussex between 1488 and the date when they were abolished. They were compiled from the word "Sussex" in the margin of the Calendars. It does not, of course, follow that the Inquisitions on all persons holding any property in Sussex are here recorded, as, if they held property in other counties, it is possible that the Inquisition is recorded in one of those counties and their Sussex property included there.

This work occupied some two or three years of my spare time at the Record Office, and the notes were taken from the original Inquisitions, Chancery where they existed, Exchequer or Wards and Liveries where they did not. I mention this fact, as the difficulty of compressing such a large amount of material into a book of this size, and proportioning the amount of space to the importance of the Inquisition during a considerable period of time, was such as to render the present work of somewhat uneven allotment in attention and detail, and it may, with some justice, be objected that in some cases too many, and in

others too few, particulars have been given. In every case, however, the following, which is considered the most important information consistent with brevity, has been given:—

1. Name of the deceased, and reference to the Inquisition.
2. Place where the Inquisition was taken, and date of death.
3. Name and relationship of the heir, and age at the date of death.
4. Short description of the property, and references to wills, grants, and marriage settlements affecting it.

From the very full abstracts of Sussex Inquisitions from 1 to 25 Elizabeth by Mr. L. F. Salzmann, F.S.A. (Vol. III. Sussex Record Society), which are herein still further condensed by his permission, it will be seen how much has been *omitted*, viz.:—

1. The name of the Escheator or Official before whom the Inquisition was taken.
2. The names of the jurors.
3. The acreage and value of the lands, and of what manors, etc., they are held.

The last item is of very great importance to any one tracing the history of a family or property, but such persons

are recommended to refer to the original Inquisitions, and for them these notes may merely be taken as indicating where to look.

The Index, from the variety of ways of spelling the same name, should be looked at under every form of that name.

My best thanks are due to my sister, Miss F. M. T. Attree, for much laborious work in writing out, checking, and arranging my original pencil notes.

F. W. T. ATTREE.
